2. Click on the “Download Now” button:

Express Scribe Transcription Software
Foot Pedal Controlled Digital Transcription Audio Player

Express Scribe is professional audio player software for PC or Mac designed to assist the transcription of audio recordings.

A typist can install it on their computer and control audio playback using a transcription foot pedal or keyboard (with 'hot' keys). This transcribing software also offers valuable features for typists including variable speed playback, multi-channel control, playing video, file management, and more.

Get Express Scribe Free
The free version supports common audio formats, including wav, mp3, wma and dct. [Download the free version of Express Scribe here.](#) You can always upgrade to the professional version for proprietary format support, including ds, ds2 and mvf.

Purchase Pro Edition

Transcription Software Features

- ▶ Variable speed playback (constant pitch)
- ▶ Supports audio and video playback
- ▶ Plays most formats including encrypted dictation files. See [supported file formats](#)
- ▶ Supports professional USB foot pedals to control playback. See [supported professional foot pedal controllers](#)
- ▶ Uses 'hotkeys' to control playback when transcribing into other software (e.g., Word)
- ▶ Dock both analog and digital portable voice recorders to load recordings
- ▶ Works with Microsoft Word and all major word-processors
- ▶ Automatically receives and loads files by internet (FTP), email or over a local computer network
- ▶ Automatically sends typing to those who dictated the work
- ▶ Works with speech recognition software such as Dragon Naturally Speaking to automatically convert speech to text
- ▶ Load CD audio directly and start working as the audio loads
- ▶ Works with [FastFox text expander](#) for entering medical/legal phrases and common phrases with keyboard shortcuts
